

FWCIA Meeting April 24, 2014

We met at the pool at 7. Members present were, David Ojeman, Tom Demary, Philip Bush, Tonya Cantu, Kirk Waldron, Ben Tuma, and Alice Ott. Also present were Terry Green and Helen Mahnke.

We began about 7:12 and David started with the question of the pool. Due to the reasoning of our attorney it has been determined that the swim team can never come back. Also, Water Aerobics can only be offered to residents. We have got to be sure that the pool is for private not public use. We decided to change the operational hours of the pool to 2 to 8 PM Tuesday through Sunday. Residents may bring guests, and the fee will continue to be \$5.

Terry needs the use of a new computer, since FWCIA's other one is so old. He told us he could get a refurbished one for about \$300. We told him to go ahead.

We discussed pool phone service, and Terry will check both Landline and DSL and cell hook up. We will try to reduce the phone cost.

Much of the pool work has been done, but Taylor needs to finish it up. Philip will contact him about this.

We decided we need a neighborhood meeting about June so that Todd can give a financial accounting to the neighbors.

We discussed Civic Club activities and want to be sure they know they are part of us as a committee. Tom will talk with Elizabeth Tuma. to be sure she understands the set up.

David told us that the gate on Lost Forest at the creek should be repaired.

The sign on Antoine needs to be repainted, but David said Apple is dragging its feet getting it done.

There being no further business the meeting was adjourned about 9:15.
